

# Looking for a way to help your child in math?

## Teacher Resources Are For Parents Too

Long Beach Unified School District has posted many helpful math resources on our web pages. These paper copy masters can be helpful to parents helping their children at home with mathematics.

## Copy Masters

-  Multiplication Table
-  Graph Paper
-  Coordinate Grids
-  Measurement Pretest
-  Measurement Flashcards
-  Triangle Flashcards
-  Math Information Pages

## Where to Find and How to Use...

### How to find the Teacher Resources:

1. Go to the Long Beach Unified School District home page at <http://www.lbusd.k12.ca.us>
2. Click on the "M" in the alphabet in the upper right corner.
3. Click on the link for [Mathematics](#).
4. Click the green button on the lower left side for [Teacher Resources](#).
5. Masters are organized by state content standard. Some useful items are listed below.

### Multiplication Table

- Number Sense, Multiplication Table to 12
- Students can use the table to help them make flash cards
- Facts should be memorized at least to 10

Multiplication Chart

x	0	1	2	3	4	5	6	7	8	9	10	11	12
0	0	0	0	0	0	0	0	0	0	0	0	0	0
1	0	1	2	3	4	5	6	7	8	9	10	11	12
2	0	2	4	6	8	10	12	14	16	18	20	22	24
3	0	3	6	9	12	15	18	21	24	27	30	33	36
4	0	4	8	12	16	20	24	28	32	36	40	44	48
5	0	5	10	15	20	25	30	35	40	45	50	55	60
6	0	6	12	18	24	30	36	42	48	54	60	66	72
7	0	7	14	21	28	35	42	49	56	63	70	77	84
8	0	8	16	24	32	40	48	56	64	72	80	88	96
9	0	9	18	27	36	45	54	63	72	81	90	99	108
10	0	10	20	30	40	50	60	70	80	90	100	110	120
11	0	11	22	33	44	55	66	77	88	99	110	121	132
12	0	12	24	36	48	60	72	84	96	108	120	132	144

### Coordinate Grids

Algebra and Functions, Coordinate Grids to Print

Students can use the grids to graph lines and functions

### Graph Paper

Number Sense, 1 cm graph paper

Students can use graph paper to multiply large numbers, do long division, solve area and perimeter problems, and make graphs.

### Measurement Facts

Measurement, Measurement Pretest and Flash Cards

Students can take the pretest, then make flash cards to help them remember basic measurement facts.

1. 1 foot = \_\_\_ inches
2. 1 yard = \_\_\_ inches
